## Get Inspired with us!

### Brand Mission

To give all people the “Paint brush and Canvas” to create their own journey towards knowledge.

### Brand Aim

To make daily life a source of inspiration.

We aim to awaken the exciting side of life in everyday tasks, so that you are the Star of your reality on a daily basis.

## The 4 Pillars of Product Activities

New Era. We have refreshed and upgraded our Brand and we present our product portfolio under a new structure.

SKAG promotes the experience of Learning and the easy and enjoyable achievement of goals, through the production of exercise books, Spiral notebooks with subjects, etc.

SKAG shows how being organized and professional, can also be aesthetically pleasing, with filing and planning items like Lever Arch Files, portfolios with Elastic bands, etc.

SKAG offers a wide range of products to enhance the creative experience, stimulate the imagination and freedom of expression, with drawing pads, aquarelle and sketch pads, along with paint brushes, acrylic paints etc.

SKAG encourages exploration, experimentation and entertainment to encourage inspirational trips, with toys which are classical, creative and technological to set children's imagination free.

get inspired

Take advantage of our years of experience in the manufacturing of stationery products and create your own range, using our digital printing techniques including spot UV, metallic and rainbow finishes, laser cutting etc or quite simply do your own brand of notebook, pad etc.

Contact us for further information, to add a unique range of products to your portfolio!

**Notepads**

**Get Inspired  
& make the  
Difference!**

Our products are mainly made with paper sourced from factories with FSC certification. The forests are specifically farmed for paper production.

From the beginning of 1990s we use PP (Polypropylene) in a wide range of our products instead of other plastics. PP is easy to recycle.

During the production of the paper, chlorine is not used to bleach it – instead they use ozone or oxygen.

All the inks we use on our paper products are non toxic.

Wherever PVC is used, it is certified to be without cadmium and heavy metals. Cadmium is a heavy metal and is extremely toxic and carcinogenic.

The metallic parts we use do not rust, thus protecting the consumer and prolonging the product life cycle.
